

Approved for healthy cleaning

Can be equipped with Safety filter bag, double-layer with closure of the inlet. Approved for handling hazardous dusts of dust class M and for wood dusts - as well as handling any hazardous dusts like carcinogenic dusts, dusts with germs, bacteria and outside of Germany also for asbestos, etc in the H class version.

- Safety vacuum cleaner for dustclass M or H
- Push&Clean filter cleaning technology
- SoftStart. A gentle motor startup keeps the starting current low. For easy starting on limited electrical systems.
- Auto On/Off In combination with powered tools the machine starts and stops automatically when you start or stop the power tool.
- Speed governor. To reduce suction performance and noise level and to prevent that the power tool sticks to the working surface.

The IVB 3 series in Dust class M and H represents a new possibility of achieving superior suction power in a compact and flexible solution. Silent, small and mobile. This vacuum cleaner is approved for dealing with hazardous dust in both M and H class.
